

Always, sometimes
or never?

A 3-digit number
added to a 3-digit number
gives a 4-digit answer.

Always, sometimes
or never?

A 3-digit number
added to a 3-digit number
gives a 4-digit answer.

Always, sometimes
or never?

A 3-digit number
added to a 3-digit number
gives a 4-digit answer.

Always, sometimes
or never?

A 3-digit number
added to a 3-digit number
gives a 4-digit answer.

Always, sometimes
or never?

A 3-digit number
added to a 3-digit number
gives a 4-digit answer.

Always, sometimes
or never?

A 3-digit number
added to a 3-digit number
gives a 4-digit answer.

Always, sometimes
or never? ANSWER

Sometimes.

100+100 would still
give a 3-digit answer whilst
500+500 (and above) would
give a 4 digit answer
(as examples)

Always, sometimes
or never? ANSWER

Sometimes.

100+100 would still
give a 3-digit answer whilst
500+500 (and above) would
give a 4 digit answer
(as examples)

Always, sometimes
or never? ANSWER
